

Fight for Collect

(to the tune of Cheryl Cole's "Fight for this Love")
by W. Lawton, aged 20 1/2

Too much of rebounding can make you sick
Under the post can be a curse
Makes it hard to get a good collect
Shooting too much can get you hurt

Is feed better? Is it worse?
Are we veering in reverse?
It's just like we're going backwards
I know where I want this to go
Run in fast under the post
What you don't wanna do is shoot without collect

Just know that you're not in this game alone
There's always un-der the post you can call home
Whenever you feel like you're losing the feed
Let's just go back, back, back, back, back to collect

Any shot that is miss-ing
Is sure enough worth jumping for
Switching's out of the question
When they get tight, gotta feed some more

We gotta fight, fight, fight, fight, fight for collect
We gotta fight, fight, fight, fight, fight for collect
We gotta fight, fight, fight, fight, fight for collect
If we're shooting it's worth fighting for

Now every game ain't gon' be no picnic
Korf ain't a walk in the park
All you can do is make the best of it now
Can't be afraid of co-llect

Just know that you're not in this game alone
There's always un-der the post you can call home
Whenever you feel like you're losing the feed
Let's just go back, back, back, back, back to collect

Any shot that is miss-ing
Is sure enough worth jumping for
Switching's out of the question
When they get tight, gotta feed some more

We gotta fight, fight, fight, fight, fight for collect
We gotta fight, fight, fight, fight, fight for collect
We gotta fight, fight, fight, fight, fight for collect
If we're shooting it's worth fighting for

I don't know what we're doing I'm willing and under
the post
We've been veering so much we just need to slow down
and just shoot

Any shot that is miss-ing
Is sure enough worth jumping for
Switching's out of the question
When they get tight, gotta feed some more

We gotta fight, fight, fight, fight, fight for collect
We gotta fight, fight, fight, fight, fight for collect
We gotta fight, fight, fight, fight, fight for collect
If we're shooting it's worth fighting for

We gotta fight, fight, fight, fight, fight for collect
We gotta fight, fight, fight, fight, fight for collect
We gotta fight, fight, fight, fight, fight for collect
If we're shooting it's worth fighting for
